

THE BENTLEY
LONDON

To whom it may concern

Dear Sir/Madam

The Bentley Hotel perfectly captures London's mix of opulence and luxury. The interior exudes grandeur with all rooms and suites fusing impeccable comfort with elegant style.

Widely acclaimed as one of the grandest hotels in London, The Bentley Hotel puts you in the heart of London's Kensington district. Only moments from exclusive shopping at Sloane Street and Chelsea's Kings Road along with internationally renowned Harrod's in Knightsbridge is only a short stroll away.

I am the head concierge of Bentley Hotel and I have been provided with an exceptional personalised transportation service by a very reputable company B&M Chauffeur's pvt LTD. This company has been associated with us for more than 8 years and they have been providing us with our vehicle requirements for our exceptional demanding hotel guests.

The clean and tidy vehicles has been on time with professional and well-dressed chauffeurs. These drivers are knowledgeable, highly customer services driven and very polite. The bespoke service is once again exceptional and their attitude is of can do one. They uses less than three years old cars which are the most of their fleet.

I have never been let down with their service and the fare is reasonable with the market rates. The company has been highly recommended by our hotel guests and repeat requests for preferred drivers from our guests is becoming a norm.

I therefore have no reservations and complaints from this company and I would highly recommend B&M CHAUFFEURS for your business.

I also endorsed the reliability and payment on time.

THE BENTLEY HOTEL
